

MODEL HGD 250-NC2

CNC Chamfering and Deburring Machine

Deburring Cutter

Auto Loading Device

Machine Features

- High productive elasticity and cutting efficiency, especially fits for mass production.
- Especially capable for removing the burr and sharp angle of gear with shoulder feature.

Articles	Description	HGD 250-NC2
Work Gear	Max. Diameter	250 mm
	Max. Tooth Width	50 mm
	Module	1.5~5
NC Unit	—	FANUC
Machine Dimension	W × L × H	1650 × 1050 × 2100 mm
Machine Weight	—	850 kg
